—Our Soldier Boy**

IT IS with much feeling that the Signal speaks to the public at this trying time, such as we are passing through in the Influenza Epidemic, and whilst it is impossible to mention the names of the affected ones in the county, we extend our good wishes to all who have suffered, and hope that the disease will abate rapidly, and that no further deaths will occur. We ourselves have suffered and know its effect. We extend our sympathy to the bereaved who have had the misfortune to lose their loved ones.

**B R O D H E A D**

Lee Carson, 13 years old, young son of Mr. and Mrs. W. A. Carson, died at 6:45 o'clock Tuesday morning with influenza. Lee had never been strong physically and had been a sufferer for many years with asthma and doubtless had some tubercular trouble and the disease proved to much for his run down condition and after several days of intense suffering finally succumbed to it. He was a bright boy, a favorite of the family and every body liked him. He was a member of the Christian church and a regular attendant both of church and Sunday School and will be greatly missed by his many young friends and associates. In many respects this was one of the saddest funerals we ever attended, and what made it more so was the small number that was able to attend, and so many of his little friends were unable to attend either because of sickness or the scare of the disease. The remains were buried at the Christian church cemetery Wednesday afternoon at 2:00 o'clock after short services by his pastor, Elder L. N. Bowling. Besides his father and mother he is survived by one sister, Miss Ella Carson, Matron of a school at Colcord, W. Va., and four brothers, Blaine, Givens, Gus and Wayne. Blaine and Givens are in the service of Uncle Sam and could not reach here in time for the funeral, as was the case with Miss Ella. Mr. and Mrs. Carson and the entire family have the sympathy of their many friends in this sad bereavement.—Mrs. H. H. Hutcheson, of Middlesboro, has been the guest of her sister, Mrs. W. E. Gravely recently.—Mrs. Frank Baker and children, of Winchester, were here a few days ago the guest of their uncle, John Robins and family.—Three deaths have been reported in the last few days from Flu in the Wiggins settlement. A small child of Levi Denny, a young man son of Bill Newell and the wife of James Spooramore.—Gov. Frith, who fell from a train on which he was braking, is able to be out on crutches.—Wm. Francisco who has a good position with a Coal Company in the mountains, came home Sunday on account of the serious illness of his family. Mrs. Francisco and their son, John Farris, are mighty sick and their recovery is very doubtful at present.—Captain George Frith, now stationed at a training camp in South Carolina, was with his parents, Mr. and Mrs. J. G. Frith, here, a few days last week.—Roy Roberts, age 24, son of Mrs. Sallie Roberts, of Gum Sulphur, and a brother of our Monte Roberts, died at his home Wednesday of last week and his remains were buried at the family burying ground near the home of A. J. Bailey the following day. He had influenza and pneumonia. His mother, one sister, Mrs. James Hayes, and three brothers, J. Monte Roberts, member of the firm of Shafer & Roberts, here, Guy Roberts, now in training at West Point and Clarence Roberts, of Gum Sulphur, survive. Mr. Roberts was single and ran the farm for his mother.

Much sympathy is felt for the bereaved ones.—There are very few families in town or in this vicinity that have escaped the Flu epidemic and the seriousness of it has been felt in many homes. Dr. W. E. Craveley is confined to his bed now with it, and the first of last week Dr. W. F. Carter was confined several days with it. The doctors and druggists are kept very busy and in fact a half dozen doctors could not have answered all the calls that came to town. We feel, however, that the worst of the epidemic has been reached and that conditions will soon settle back to their normal state. Last Sunday was the first and only time within our memory that no bells were heard at the different churches, and there was no public worship in town.—Guy Roberts, who is stationed at West Point was at home a few days on account of the death of his brother, Roy Roberts.—Edd Smith, of the Hiatt section received a message Wednesday morning that his son, Allen Smith who recently volunteered his service to his country and was in the Navy, died at with pneumonia. It is thought that his body will be shipped here for burial but nothing definite has been learned about it up to the present (Wednesday evening). Allen was a fine young man and had many friends here who are grieved to learn of his sudden death, and much sympathy is felt for his father, brother and sisters who survive him.—Cashier and Mrs. A. M. Hiatt were in Stanford Tuesday having dental work done.—Mr. and Mrs. Chas. Brown recently moved from Quail and are occupying the house owned by Miss Isabelle Martin. Mr. Brown is braking for the Louisville & Nashville on this division.

CAN NOW EAT AND SLEEP  
IN COMFORT.

If troubled with indigestion or sleeplessness you should read what Miss Agnes Turner, Chicago, Ill., has to say: Overwork, irregular meals and carelessness regarding the ordinary rules of health, undermined it until last fall I became a wreck of my former self. I suffered from continual headache, was unable to digest my food, which seemed to lay as a dead weight on my stomach. I was very constipated and my complexion became dark, yellow and muddy as I felt. Sleeplessness was added to my misery, and I would awake as tired as when I went to sleep. I heard of Chamberlain's Tablets and found such relief from taking them that I kept up the treatment for nearly two months. They cleansed my stomach, invigorated my system, and since that time I can eat and sleep in comfort. I am today entirely well.

These loans will not interfere with the borrower's regular line of credit. The purpose of the plan is to encourage the taking of larger bonds than would otherwise be bought.

**W. H. KRUEGER**

On the 14th of October, 1918, W. H. Krueger died at his home, in this town, after an illness of only a few days of that devastating plague, Spanish Influenza, which is so fatally sweeping our country to-day.

Will Krueger, as he was familiarly called, was born Oct. 5th, 1881, and came to this country with his parents in 1883, and twenty-seven years ago his parents located in this place, which has been his home ever since. He grew up here with his boys and became one of them. He was a favorite among his associates and playmates. He attended the public and high school here, and afterwards was a student in Center College, Danville, Kentucky, and later attended the Law School in Louisville, Kentucky, and was admitted to the practice of the law in January 1911. October the 12th, 1911, he married Miss Mary Cecil, of Dublin, Virginia, who survived him. To them was born one son, Fritz, who is now four years old, and an exceedingly bright and lovely little boy. Both his wife and little boy leaves his father, Fritz Krueger, Sr., and two brothers, Fred and August, who are residents of this place and successful business men. His mother died about twelve years ago.

Will Krueger was a talented and successful professional and business man, and had the brightest of prospects before him when his useful life was cut short. He was a strictly sober, moral man, devoted to his friends and idolized his family. He joined the Presbyterian church at this place when it was organized about twenty years ago.

At a meeting of the Bar of Mt. Vernon, on the 17th October 1918, the following proceedings were had:

The members of the Bar met in the Court House and were called to order by Judge G. M. Ballard who stated the object of the meeting when Judge L. W. Bethurum was elected chairman, and T. J. Nicely, secretary. The chairman then appointed C. C. Williams, H. J. McClure and J. W. Brown, a committee, to prepare and present resolutions expressing the sense of the meeting upon the death of W. H. Krueger, who reported the following which were unanimously adopted:

WHEREAS, It has pleased the Judge of the Court and the dead to remove from among us our friend and a brother member of this Bar W. H. Krueger, therefore be it Resolved:

First, We recognize that in the death of W. H. Krueger, a lawyer of ability and much promise has been taken from among us and taken to that great high Court where soon, we too, must all appear.

Second, We extend to his bereaved widow, his youthful son, his heartbroken father, his brothers and other relatives, our sincere sympathy.

Third, That we request that these resolutions be spread at large on the Order Book of the Rockcastle Circuit Court, and that they be published in the Mt. Vernon Signal.

C. C. WILLIAMS,  
H. J. MCCLURE,  
J. W. BROWN,  
Committee.

**Make Purchase  
of Bonds Easier**

Cleveland banks and trust companies have agreed upon a plan which makes buying Liberty Bonds very close to the easiest thing in the world.

Those who cannot conveniently spare the cash for their bonds, they will make loans up to 90 per cent of the par value of the subscriptions for ninety days from October 24, on bonds purchased through these institutions. The interest rate will be the coupon rate, 4% per cent.

Moreover they will renew these loans, when satisfactorily reduced, for a second ninety days, at one-half of one per cent in excess of the Federal Reserve bank's discount rate on such loans. The Reserve bank's rate of discount now is 4% per cent, subject to slight change at any time.

These loans will not interfere with the borrower's regular line of credit. The purpose of the plan is to encourage the taking of larger bonds than would otherwise be bought.

**THE WESTERN  
FRONT AT HOME**

Earn and give. For a year the young people of America have been coached in thrift. Instead of the old problem in the arithmetic book, "If Mary's mother gave her three apples, Jane gave her two, and she ate one, how many would she have?" the third grade girl is now sent to the blackboard to solve, "How many Thrift stamps at 25 cents apiece will Mary own at the end of 12 months if she saves 10 cents a week?"

The girl in the grade above her is learning in her arithmetic lesson how many Thrift stamps it takes to buy the uniforms for 500 helmets for the soldiers in France. Still farther on the eighth grader is told to figure in terms of War Savings stamps how much it costs to supply a regiment of Uncle Sam's men with shelter tents.

And now the Earn and Give club of the younger girls of the Young Women's Christian Association is organized to turn those Thrift lessons into giving. The children of America have been turning in pennies and nickles and pasting a green stamp on their Thrift card. The Earn and Give club can now use some of those cards and War Savings stamps in their campaign among the younger people for the united war fund.

This fall when the war council of the Y. W. C. A. made plans for the 1918 war drive, it included in its program the rule that no young girls under eighteen can do any soliciting, on the streets or otherwise. They can give, but they can only give by earning. Consequently in order to co-ordinate the efforts of the girls in all the districts over the country, the Earn and Give club is enrolling members and has given out an estimate of \$5 apiece to be earned for the war fund campaign by the American girls who still count their age in 'teens. Five dollars apiece from the younger girls of the country will mean that the nation as a whole will fill its charitable organization's war chest.

Some high school girl in New York city is going to earn her \$5 by shining her own shoes instead of stopping at the Greek stand on her way to school and by making her own sandwiches for her noon lunch. Out in Iowa the girl who has been spending 15 cents plus tax for a movie three nights a week is going to draw a line through the movie habit except when there is an especially good bill. More than one girl plans to clean all her own gloves this winter and to salvage all the paper and collections of junk about the house which should be sold to the junk man to be worked over into some productive industry. The girls in their teens are going to earn instead of ask others for the money. They are to sacrifice and give in their own names and older women will make the public requests for money elsewhere.

Many of the girls who are waiting to join the Earn and Give club are already Patriotic leagues, and they have learned several practical lessons in the Thrift that will make them effective members of the new club by their conservation of fruits and vegetables. They have canned and pickled. Now when the end of summer brings the beginning of school they will change their Thrift into winter Thrift and begin saving their \$5 for the Y. W. C. A. purpose.

"Wherever You Are Is the Western Front" is the slogan which the Earn and Give club has adopted. Anna, one wry thirteen-year-old daughter of New York's East side, who was one of the first and youngest members to join the campaign at a New York settlement house, had to have it explained to her that instead of western front meaning fight and fight meaning fists, the western front means work and work means save in order to give.

The girl who joins the Earn and Give club will discover that in conjunction with her working and saving in order that her club will furnish its quota of the money that is going to help the girls like herself in France and Belgium, she will also find numerous ways in the community to help the war that she had never dreamed of.

She will see that all the fruit pits and stones that can be saved from her own dining table and from those of her neighbors, are dropped into the little red barrel at the corner, in order that the carbon which the seeds contain can be used in making charcoal for the American soldiers' gas masks.

She will save all the tin foil that she sees for the Red Cross. She will help collect clothing for the French and Belgian orphans and perhaps send them some of her own.

School girls in India, children from squalid, dingy houses, with absolutely no spending money, gave last year to Belgian and Armenian relief when they themselves were not getting enough to eat. They gave up their meat once a week for the Belgians, though they only had it twice a week themselves, and for the Armenians they set aside the handful of fresh grain that otherwise each girl would have ground in her own little stone mill. Both contributions, from all the girls in one missionary's school, amounted only to \$5 a month. "But it was a tremendous sacrifice," their teacher writes, "although a joyous one. It actually meant less bread each day, and once a week a meal of dry bread and water. This was done by 80 girls from the meanest homes in the world—children between the ages of five and fifteen."

Four hundred thousand girls in 47 states have become Patriotic Leagues since America declared war. If as many school girls and working girls from all classes pledge to earn and give, the united war fund campaigners will have \$2,000,000 of their \$170,000,000.

Here he is once more looking after the Rockcastle folks. My friend Billy Routt has promised to visit Mt. Vernon and give a free show to his customers who eat Acme Flour and Meal, that is so good. It is dangerous to handle. A car came in, 10 or 15 bags burst wide open. Mr. Landrum didn't know what to do. There isn't many sacks with quality that is just bursting itself to be sold at \$1.15 per bag. Acme Flour \$1.50, good as any and better than some, and O you Mill Feed \$2.25, just like what you have paid \$2.75 for. You have got to care for the cow and feed the little ones. Oh, how I wish I had me some babies, but I haven't a one, but if you will come to see me at the Rockcastle Hotel will help you feed yours, Will show you the longest man physically in Hardin county, 7 ft. 2 in., and some long financially, and Mate he has got the quality when it comes to Flour, Meal and Feed. So my friend Routt sent me down a car and told me to divide it up among the people and he would ship down another car next week, provided if his car of coal holds out he got from Bob Mc, Pine Hill, Ky. ## FARMER WILL NOT FAIL U. S. IN ITS GREATEST TEST

SECRETARY OF AGRICULTURE IS  
SURE RURAL SECTION WILL  
BUY BONDS.

BY D. F. HOUSTON,  
Secretary of Agriculture.

The Fourth Liberty Loan will not fail for lack of support of American farmers.

That is the answer I am giving to those who ask me what the response of the American farmer will be. I am making this confidential assertion in the face of the fact that the American people are now being asked to make a national contribution to liberty—six billion dollars.

American farmers have demonstrated their patriotic support of the nation's great war loans. One of the most striking features of the Third Liberty Loan was the support given you by the farming and rural populations. Not only did farmers purchase liberally of the bonds, but the rural communities as a rule were more prompt in completing their quotas than the larger cities.

More than twenty thousand communities in the United States subscribed or over-subscribed their quotas, many of them on the first day of the campaign.

The majority of these were not cities but country districts. Iowa, a typical agricultural state, was the first to subscribe its quota.

But we now have a greater effort to make. Our largest war loan has been launched. It will tax our determination to defend our liberty and our republic at all costs. Our armies in the field are fighting victoriously. The forces at home are now in an offensive that must not fail.

Let us buy liberally bonds that we may attain our objective, a righteous and lasting world peace.

## The Yanks Are Buying Bonds

The Yanks are buying bonds. It's not enough  
For them to live and die and suffer all  
The agony of living death. They know  
Just what their comrades die for when they fall.

They know its meaning to us here at home.

They know the menace of the Prussian.

To all the world and all the race to come.

They know just what they're fighting—yes, and why.

And, therefore, while they offer life, they cry,

"It's not enough. Not now. If we can aid

In other ways, we must. We know the need

Of guns as well as lives in our crusade.

We like our pay, but we can let it go  
For such a thing as this. We'll do it, too.

And if the folks at home can't raise enough

We'll borrow some to bring those billions through."

Oh yes, the Yanks are buying. We can rest.

And know they'll make up what we don't provide.

If we can let them, then let's hope the dead

Knew not those whom they died for ere they died!

—Lucy Jeanne Price.

The Federal Reserve Bank of Cleveland and its system of member banks will one day soon represent a total of resources of one billion dollars.

Recent figures showed that in the Fourth District 56 state banks had been admitted to membership, and they have raised the total resources to \$503,278,000. Applications are pending from numerous other institutions in the district and as the bankers learn the advantages of being member banks all institutions will undoubtedly make application for membership.

The Federal Reserve Bank system of the country is credited with being the most powerful agent in making possible the flotation of the three Liberty Loans.

## Forty Five Years of Success The astonishing Record of PERUNA

Not a cure-all, but a rational remedy for catarrh and all inflammation and congestion of the mucous membranes. Catarrh attacks the mucous linings, in any organ, in any part of the body. It is not, as some imagine, confined to the nose and throat, although nasal catarrh is the most common form and afflicts many people. Unchecked catarrh soon breaks down the tissue and destroys the organs or part. Evidence of the ravages of catarrh are all around us. Without desire to frighten anyone, we say: "Guard yourself against catarrh as you would against the direst plague. Fortify your system. Take Peruna."

### INSPIRING WORDS FOR THE SICK FROM THOSE WHO USE IT
